

Bespoke Funeral Stationery

Crafting Heartfelt Farewells

We're Hive of Creatives, and for over 10 years, we've been working hand-in-hand with families and funeral directors like you to create truly special funeral stationery. We know this work isn't just about paper and ink – it's about capturing a life well-lived and giving families a keepsake to cherish.

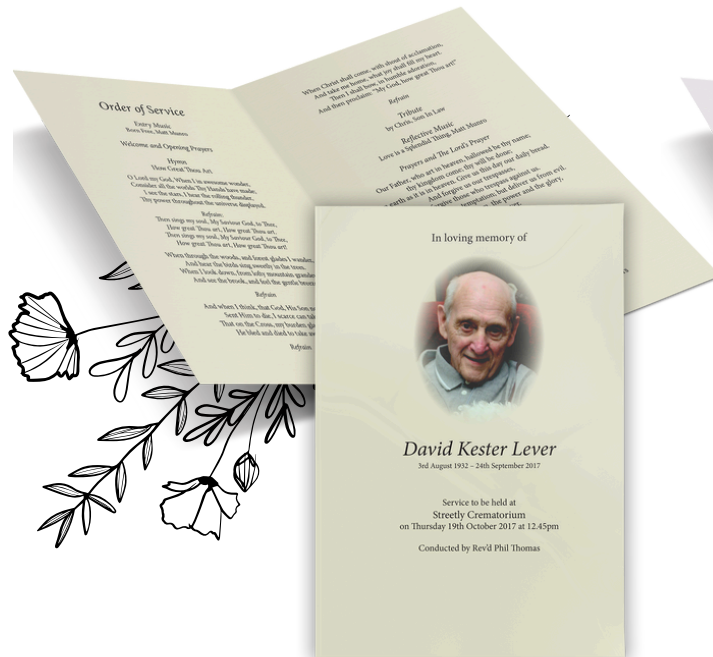

We Get It

Organising a funeral is tough. You're dealing with grieving families, tight deadlines, and a million little details. That's where we come in. We're here to make at least one part of your job easier.

- **Need something unique?** We'll create designs that really capture who the person was.
- **Short on time?** We work fast, without sacrificing quality.
- **Families feeling overwhelmed?** We'll handle things with care and compassion.

What we offer

Simple and Sweet

Clean, elegant designs that don't break the bank. We can offer package deals that can be included in your pricing. For example x50 four-page programs with one image.

A Little Extra

Programs with more pages, more photos, more personality. Great for when families want to share more memories.

The Works

These are the showstoppers. Think special papers, foil accents, unusual shapes, photo galleries – whatever it takes to make it truly one-of-a-kind.

The Works

Let's Work Together

- **We Listen** We'll chat with you and the family to really understand who this person was and what kind of send-off they'd want.
- **We Create** We'll whip up some designs and work with you until it's just right.
- **We Deliver** You'll get beautiful, high-quality prints in plenty of time for the service.

Beyond the Program

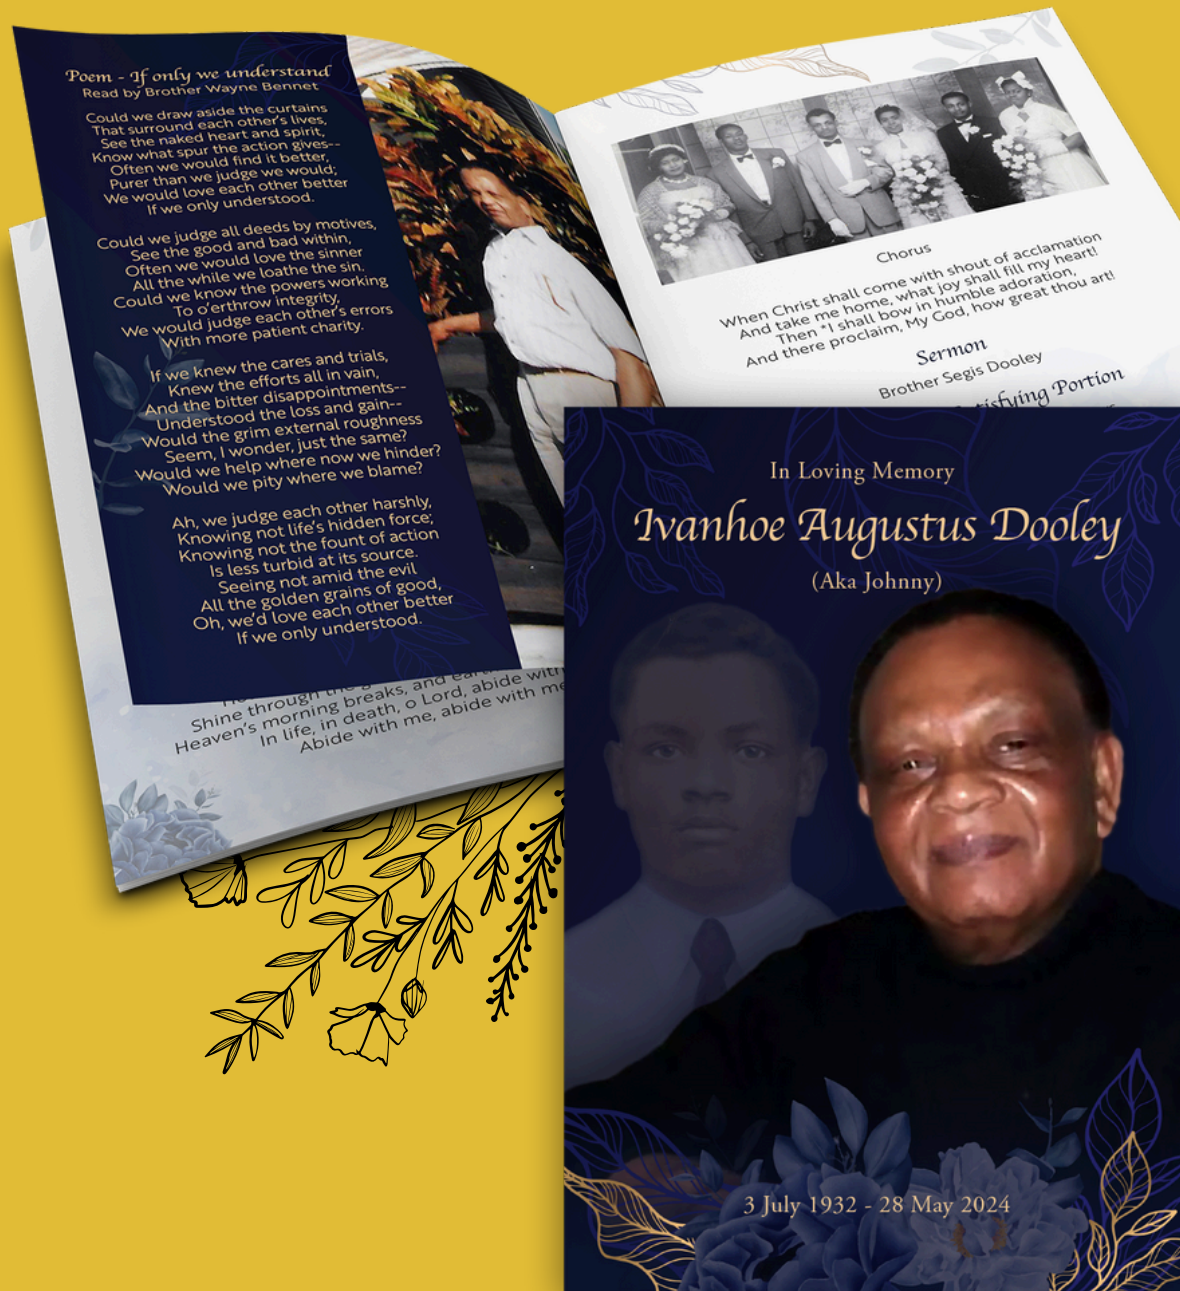

- **Slideshows** Turn photos into touching digital tributes.
- **Canvas Prints** Bring a favourite photo to life.
- **Cards & Digital Posts** Help families say "thank you" in style.
- **Keepsakes** Little mementos like bookmarks or personalised favours.

Time is of the Essence

We know funerals don't wait. Usually, we can turn things around in 5-7 days. Need it faster? Just let us know – we can make magic happen in 1-3 days for those extra-tight deadlines. (We might need to use local printers for the super-rush jobs, but we'll sort out all those details.)

Your Business Matters

We always make sure your funeral home's information is on the back of our programs. It's a subtle way to remind families of your caring service when they look back on this keepsake in the future.

Don't Just Take Our Word For It

"Working with Hive of Creatives has been easy and efficient. They just get it! Whether it's a simple quick image on the front or they work with us and the family to design a program that truly represents that person's life. A true professional and highly recommended."

- Verity

To our darling Mel, whose love knew no end,
From parents, whose hearts will forever bend,
Your presence, a gift, we'll eternally miss,
In every sunrise, and in night time's bliss.

Your brother, in memories, will hold you close,
In every whisper of the wind that blows,
With love, he speaks your name aloud,
In the quiet moments, and in crowds proud.

Her partner in life, her soulmate, her friend,
Together in love, a bond without end,
He cherishes moments, laughter, and tears,
A promise of love, through all of life's years.

And your children, young, with eyes so wide,
Will know their mother's love, as a constant guide,
In stories we'll tell, in the stars above,
You'll live forever, in their undying love.

To family and friends, a beacon so dear,
In our hearts and our thoughts, you'll always be near,
A life full of joy, a spirit so free,
In our love and our memories, forever you'll be.

In hues of pink, she danced, a light so bright,
Her laughter, a melody, pure delight,
A beautiful smile, in every space, she shone,
Her glamour and grace, a stunning gemstone.

A bubble of joy, a soul so kind,
In every heart, your light, we'll find,
Mel, our dear, from this world depart,
But, forever you'll dance, within our hearts.
